Landfill Pond Leachate Collection (Operable Unit 7)

Sue Stiger, Associate General Manager
Environmental Restoration Management
EG&G Rocky Flats, Inc

Attached is a copy of the Resolution of Dispute of the Senior Executive Committee. The resolution requires the Department of Energy to develop and implement a Surface Water Management Interim Measure/Interim Response Action (IM/IRA). As a part of this agreement, a separate IM/IRA for the collection of leachate from the Operable Unit 7 landfill pond is to be delivered to the Regulatory Agencies by October 15, 1994. In anticipation of this agreement, your staff has already provided us a preliminary cost and schedule for this work. Please refine the preliminary costs and schedules, and initiate the required changes in the applicable work packages to proceed with completion of the agreed upon IM/IRA.

Your cooperation is appreciated. Point of contact on this action is Jen Pepe at extension 2184 or Dave George at extension 5669.
